*RE: Public Records Request for Bomb Threat at County Dept of Planning*

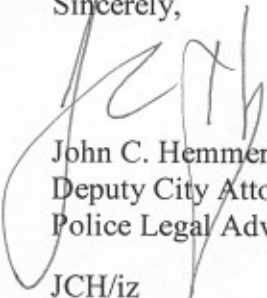

Dear Mr. Lutz:

This is in response to your request for those records of public documents held by the San Diego Police Department, which we received on May 15th.

Under the rules of the California Public Records Act (CPRA), we will make responsive documents in our possession available for your review; except for records, which may be exempt by the Act. Although the CPRA generally mandates disclosure of public records, there are certain exemptions from disclosure. Among those exemptions are "records of complaints to, or investigations conducted by . . . any state or local police agency . . . , or any investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes. . ." Gov. Code § 6254(f). Under that exemption we will withhold certain information on investigations conducted by this department.

However, I have included certain documents responsive to your request, with redactions. If you have any further questions or comments please feel free to contact me.

Sincerely,

  
John C. Hemmerling  
Deputy City Attorney  
Police Legal Advisor
