“They must find it difficult...  
Those who have taken authority  
as the truth  
rather than truth  
as the authority.”  
-- Gerald Massey

Look at the world from a more critical  
perspective... Things are not what the  
population at large think they are.

There is a tendency to simply disbelieve  
things that are counter to our  
understanding.

PART 1: The story of Christ, Horus, Krishna,  
Mithra, and many other mythical figures and  
their common relationship to astronomical  
and astrological customs. You'll appreciate  
this overview whether you are a born-again  
Christian or a devout atheist.

PART 2: The story of 9/11 and the  
weaknesses of the official story. This overview  
does not include just the collapse of the  
buildings, but all aspects of the catastrophe.

PART 3: The story of the Federal Reserve  
Bank, and how they assert “criminal” control  
over our economy, sucking money out by  
lending to the government.

“This film will leave you breathless!”  
“Understand the story of Christ like you never  
have before!”

-- Raymond Lutz, Citizens' Oversight Projects (COPs)

Watch this film at your own risk! It will change
